Winter 2022 Flourish Box

*“All the flowers of all the tomorrows
are in the seeds of today”
— Indian Proverb*

Hello AmbRoses,

Greetings from the Ambrosia Team.

The end of the year is always a pivotal transition. It is a time of both looking forward to a new year as well as taking stock of the year that is coming to an end. It is a season rich with holidays and various cultural traditions that are all worthy of a hearty embrace. It is also a time when the days are shorter and the weather is cold and stark. Against all those varying energies we are releasing the latest Ambrosia Box: **Flourish** for Winter 2022.

It might seem odd to release a box with the theme Flourish as we embrace the cold winter months ahead. But we at Ambrosia believe this is the perfect time to celebrate with grace and embrace all of our accomplishments. Acknowledge your wins — and your losses — with the same spirit that carried through the year. All challenges made you stronger.

It is with that spirit that we selected the featured products that are all designed to make you flourish in all ways.

From our collectible tote bag and intention card illustrated by artist Jess Ardizzone to a sensory discovery through our curated wellness must-haves such as the revitalizing UpCircle Espresso Martini candle, the nourishing Bergamot Hand Cream by Owl in a Towel, the opulent Malaya Rejuvenating Face Serum and the energizing Moontime Tea Metabolism Blend.

My sincerest wish is that you carry forward positive feelings and give yourself permission to truly flourish and grow in all ways.

The future is always looming but there is also no time like the present.

Enjoy Ambrosia Box: Flourish and indulge in our new seasonal finds!

Get ready to unwrap, indulge and care.

Intention Card and Tote Bag

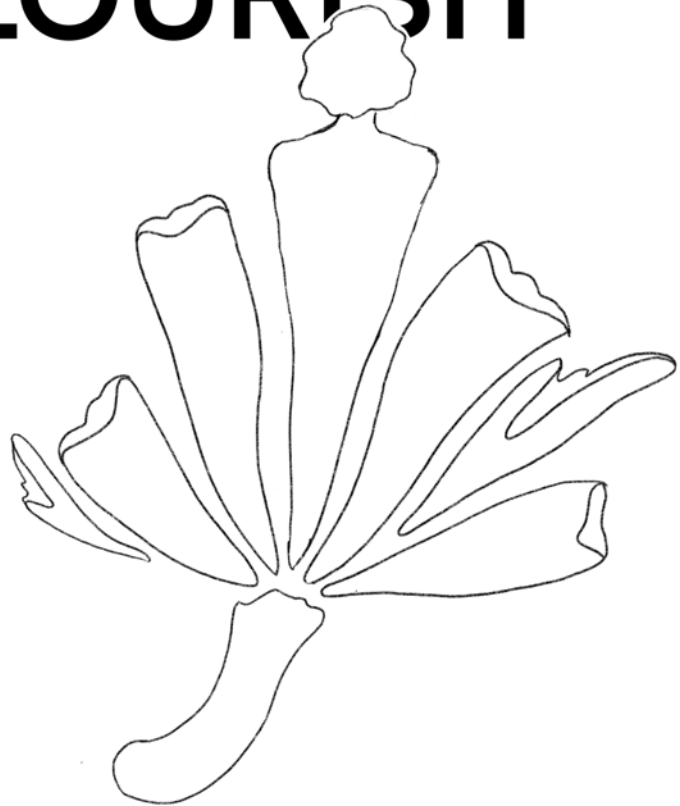

Jessica Ardizzone is a London-based illustrator and advertising creative, originally from Milan, but her family roots are from Sicily, which she loves dearly. She resides in Hackney, London and she currently is the Creative Lead at Stink Studios, a global creative studio with a focus on advertising and digital experiences.

Ambrosia is not your typical subscription box. In addition to our recommended beauty and wellness must-haves, you will also find fun and actionable rituals designed to “Flourish” your wellness experience. Each box edition will include an exclusive and collectible Intention Card designed by our rotating artists.

Flourish, the theme of our Winter 2022 box was illustrated by artist Jess Ardizzone.

FLOURISH

How to Use Your Intention Card:

- Be inspired by the illustration in front of the card
- **Think about what *Flourish* means to you**
- Flip the card, set your intention
- Answer the question found on the back of the card
- Add any other reflection on the dotted line
- Display the card on your desk, in your nightstand, or inside of a book – wherever you feel your eyes will fall
- Reference your intention card any time you feel your ***Flourish*** waning

Artist Jess Ardizzone illustrated her take on our theme, Flourish for the tote bag and intention card included in our Winter 2022 box.

Why a tote bag, you ask? Well, let's face it, tote bags are awesome, and we want to make every effort we can to respect our planet.

Below, Jess shares with us more about her creative process and how she created the illustrations:

For this illustration, it was all about communicating the idea of "flourish" like a metamorphosis moment - as the year comes to an end, we prepare to show the world the best version of ourselves and celebrate a new beginning, a new growth. The organic shape of a coral-human figure takes this concept into full abstraction and teases the viewer's imagination.

For this theme, I turned towards Greek and Roman mythology, especially those stories based on a full blown transformation.

As always, I started with a few very small sketches. I further developed three of them into more detailed sketches and then shared them with Veronica, who helped me pick the one that I then developed.

Color was an integral part of the process for this one, I knew the sort of color palette I wanted to tap into before starting: all about the reds, all about the richness, the prosperity. So it was important to keep the shapes simple and create less of a "scene" and more of an idea.

For both media: tote bag and intention card, the technique used is digital illustration.
